

Hand-Look Quilting

Machine Settings:

Foot: Satin Stitch Foot F2 (Open Toe) or
Satin Stitch Foot F

Foot Pressure: 3

Needle Position: Center

Stitch Length: 2.5 - 5.0

Stitch Tension: 6.0 - 9.0

Needle Thread: Clear Monofilament Thread

Bobbin Thread: Cotton or All-Purpose Thread

1. Thread the needle with the monofilament thread and wind the cotton or all-purpose thread onto the bobbin. Sandwich the batting between the two layers of cotton.
2. Select the Sculpture stitch. Press the Adjust key. Set thread tension between 6.0 - 9.0.
3. If the bobbin thread is not pulled up sufficiently to the top layer, you can tighten the top tension further.
4. Place the quilt sandwich under the foot. Start sewing.

Tips:

- * The stitch length may be adjusted to change the appearance of the sculpture stitches.
- * You can use the same thread for both the upper and bobbin thread to stitch decorative lines on a linen blouse.
